

In the process of further expansion we are looking for a

BD/Sales Manager Calciner Business (m/f/d)

(19034)

Are you ready for a varied range of tasks?

- Management of existing customers and new customer acquisition
- Identifying projects, preparing and clarifying offers to customers and negotiating contracts
- Observation of market trends and creation of a resulting sales strategy
- Participation in trade fairs and conferences

Then show us what makes you special

- Completed technical studies or qualified technician
- Deep market knowledge in the field of petroleum coke and, if possible, in the area of calcination or related areas of the rotary kiln technology
- Sales experience
- Very good English and German knowledge
- Willingness for assignments abroad

With more than 50 years of experience as a general contractor for the oil & gas (upstream and downstream) and chemical industries, MMEC Mannesmann services cover the entire cycle from early project development, feasibility studies, including hydraulic and case studies, conceptual and basic design, front-end engineering design up to implementation of turn-key projects. We provide our services in respect of process plants for the oil, gas, refining, chemical and renewables industries. We combine technological know-how with the local requirements of your preferred project implementation scheme.

What we offer to you
