

In the process of further expansion we are looking for a

Lead Engineer Piping (m/f/d)

(19143)

Are you ready for a varied range of tasks?

- Leading the Layout & Piping Team with up to 30 employees throughout the project execution, being responsible for budgeting, deadlines and quality.
- Coordinating activities with the project management team, other departments and the construction site
- Negotiating technical contracts with suppliers and customers
- Developing basic specifications, drafts for installation and piping planning as well as material specifications and pipe classes
- Monitoring the preparation of project documentation, such as installation and piping plans, isometrics, support drawings and technical procurement documents

Then show us what makes you special

- At least 10 years of relevant professional experience (at least 5 years with a completed diploma or master's degree in mechanical engineering) in the field of installation and pipeline planning in chemical / petrochemical plants or in the oil and gas industry.
- Basic understanding of the related engineering disciplines such as process engineering, E/I&C engineering and mechanical engineering as well as steel and solid construction
- Sound knowledge of relevant national and international standards and regulations (DIN, EN, ASME, DGRL)
- Fluent in English and German
- Experience with 3D CAD and material management systems is desirable.

With more than 50 years of experience as a general contractor for the oil & gas (upstream and downstream) and chemical industries, MMEC Mannesmann services cover the entire cycle from early project development, feasibility studies, including hydraulic and case studies, conceptual and basic design, front-end engineering design up to implementation of turn-key projects. We provide our services in respect of process plants for the oil, gas, refining, chemical and renewables industries. We combine technological know-how with the local requirements of your preferred project implementation scheme.

What we offer to you

- | | | |
|--|--|--|
|  Diverse training opportunities |  Flexible working hours |  Perfect connection |
|  Company restaurant |  Diversity |  Company doctor |
|  Support with (Child)care |  Flat hierarchies |  Company sports |

Have we raised your interest?

Then we look forward to receiving your application by e-mail at karriere@mmecc-mannesmann.com.

Please send us your complete application documents (cover letter, curriculum vitae, certificates) and your salary expectation.

If you have any questions, please do not hesitate to contact Antonia Becker on 0211 659 2004.
