

In the process of further expansion we are looking for a

Senior Buyer (m/f/d)

(19103)

Are you ready for a varied range of tasks?

- Purchasing equipment and materials for EPC/EPCC projects
- Resourcing and developing internationally new supply sources
- Developing procurement strategies for your supervised projects, ensuring their implementation, being responsible for all associated activities
- Within the procurement team you are responsible for achieving the objectives of all EPC/EPCC projects in accordance with the policies of our company

Then show us what makes you special

- Successfully completed degree in business administration, industrial engineering or a comparable qualification
- At least 10 years professional experience in Procurement
- Ideally professional experience in the oil, gas, petrochemical or power plant industry
- Independent and systematic working method
- Availability to work temporarily on site at the customer's premises within Germany/Europe

With more than 50 years of experience as a general contractor for the oil & gas (upstream and downstream) and chemical industries, MMEC Mannesmann services cover the entire cycle from early project development, feasibility studies, including hydraulic and case studies, conceptual and basic design, front-end engineering design up to implementation of turn-key projects. We provide our services in respect of process plants for the oil, gas, refining, chemical and renewables industries. We combine technological know-how with the local requirements of your preferred project implementation scheme.

What we offer to you
